## AIML Student

+91 9757395234 | arishamehta05@gmail.com | [Arisha Mehta](#)

## ABOUT

A passionate AIML student with strong experience in full-stack development, Flutter app engineering, and UI/UX design. Skilled in turning ideas into functional digital solutions through hands-on development and collaboration. Driven to blend technology with user-centric design to solve real-world problems and create meaningful impact.

## EDUCATION

|---|-------------|
| • <b>Dwarkadas J. Sanghvi College of Engineering, Vile Parle</b>      | 2024 - 2028 |
| B. Tech in Artificial Intelligence and Machine Learning (CGPA: 9.485) |             |
| • <b>Kishanchand Chellaram College, Churchgate</b>                    | 2022 - 2024 |
| 12th Science   12 <sup>Th</sup> Score: 89%                            |             |
| • <b>G. D. Somani Memorial School, Cuffe Parade</b>                   | 2012 - 2022 |
| School   10 <sup>th</sup> Score: 96%                                  |             |

## EXPERIENCE

- **Intern: Parmar Properties Pvt. Ltd., Mumbai (June 2025 – July 2025)**  
Contributed to UI/UX and frontend development for a calling app and company website.  
Improved team collaboration by assisting with feature flows, prototypes, and problem-solving tasks.
- **Private Tutor (2021 – Present)**  
Delivered personalised tutoring for grades 5–10 with structured lesson plans.  
Helped students improve academic performance through concept strengthening and practice.
- **Entrepreneur: Chocolate Cravings, Mumbai (2018 – Present)**  
Founded and scaled a home-grown chocolate business, handling end-to-end operations.  
Managed finances, marketing, and customer relations to grow sales and brand presence.

## PROJECTS

- **Full-Stack Website Development (Internship Project)**  
Built a complete multi-page website with dynamic UI components using **React**, **HTML**, **CSS**, and **JavaScript**.  
Developed responsive, mobile-friendly layouts and created detailed **Figma prototypes** for UI/UX flow.  
Integrated backend features including form handling, API connectivity, and basic authentication.
- **Mobile Calling Application Developer (Internship Project)**  
Developed a cross-platform calling application in **Flutter**, enabling smooth UI interactions and navigation.  
Integrated real-time communication modules and backend APIs for basic call management.  
Implemented state management and optimized the app for performance and device compatibility.
- **Student Skills & Performance Profiler (Python Project)**  
Built a Tkinter-based desktop application with **SQLite** for structured data storage and retrieval.  
Implemented Scikit-Learn models for predicting student scores and clustering performance groups.  
Added data visualization and analytics features for easier interpretation of student progress.
- **Portfolio Website ([Arisha Mehta](#))**  
Designed and deployed a modern, responsive personal portfolio using **HTML**, **CSS**, and **JavaScript**.  
Included structured sections for skills, projects, achievements, and contact information.  
Improved site accessibility and performance through semantic tags, optimized assets, and clean UI design.

## SKILLS

### Technical Skills -

- Markup and Style Sheet Language: **HTML**, **CSS**.
- Programming Languages: **C**, **JavaScript**, **Java**, **Python**.
- Frameworks & Libraries: **Django**, **React.js**, **Flutter**, **NumPy**, **Pandas**, **Matplotlib**, **Seaborn**, **Scikit-learn**, **Tkinter**, **SQLite3**.
- Software: **Figma**, **Canva**, **SolidWorks**.
- Tools & Databases: **Git**, **GitHub**.
- Concepts: Basic Machine Learning Algorithms, Exploratory Data Analysis (EDA).

**Soft Skills -**

- Leadership, Project Management, Public Speaking, Teamwork, Analytical Problem-Solving, Marketing & Negotiation, Time Management.
- 

**CO – CURRICULAR**

- **Head Girl – G. D. Somani Memorial School (April 2021 – May 2022)**  
Led student council initiatives, organized school-wide events, and represented the student body.
- **Events and Publicity – SIGAI**  
Successfully organized and executed a college-level technical event with my team.  
Contributed to event structure and ensured seamless experience for 50+ participating teams.
- **Volunteer – TEDx DJSCE**  
Assisted in the smooth execution of the TEDx event by coordinating with team members and ensuring timely flow of activities.
- **Volunteer and Technical – DJS National Service Scheme (NSS)**  
Contributed to community welfare through environmental, social, and donation activities.  
Handled backend development, UI/UX contributions, and event logistics during major initiatives.
- **Creatives and Editorial – DJS Beats**  
Edited reels and crafted engaging social media content for event outreach.
- **Technical – DJSCE Consulting Group**
